Developer update

Hi Developers at smmtouch,

After a recent review, we found that your app Social advertising: SmmTouch (com.smmtouchmobile) is not compliant with one or more of our Developer Program Policies. See below for more information about your app's status and how to correct the issue.

	<h3>Issue with your app</h3> <p>Your app contains content that doesn't comply with the Device and Network Abuse policy and the Developer Distribution Agreement.</p>
	<h3>About the Device and Network Abuse policy and section 4.9 of the Developer Distribution Agreement</h3> <p>We don't allow apps that interfere with, disrupt, damage, or access in an unauthorized manner the user's device, other devices or computers, servers, networks, application programming interfaces (APIs), or services, including but not limited to other apps on the device, any Google service, or an authorized carrier's network.</p> <p>Per section 4.9 of the Developer Distribution Agreement: "You will not engage in any activity with Google Play, including making Your Products available via Google Play, that interferes with, disrupts, damages, or accesses in an unauthorized manner the devices, servers, networks, or other properties or services of any third party including, but not limited to, Google or any Authorized Provider. You may not use user information obtained via Google Play to sell or distribute Products outside of Google Play."</p>
	<h3>App status: Rejected</h3> <p>Your app has been rejected and wasn't published due to this policy issue. If you submitted an update, the previous version of your app is still available on Google Play.</p>

Action required: Submit an updated app for review

Here's what to do to help get your app on Google Play:

1. Read through the [Device and Network Abuse](#) policy and section 4.9 of the [Developer Distribution Agreement](#) for more details.
2. Make appropriate changes to your app to ensure it does not access or interfere with another product or service in an unauthorized manner, and be sure to address the issue described above. Also check your app's store listing for compliance, if applicable.
3. Double check that your app is compliant with all other [Developer Program Policies](#).
4. Sign in to your [Play Console](#) and submit the update to your app.
