SASI STUDIO

WE WORK WITH LATEST TECHNOLOGIES USING AN EFFICIENT DIGITAL WORK FLOWS BASED ON BIM PARAMETRIC MODELLING DATA ANALYSIS AND VIRTUAL REALITY.

EXPERTISE

- DATA DRIVEN DESIGN**
We use data to inform design decisions, ensuring that every aspect of a project is optimized for performance and user experience.
- COMPUTATIONAL DESIGN**
We use advanced computational tools to explore complex design possibilities, allowing for more innovative and efficient solutions.
- BUILDING INFORMATION MODELLING**
We use BIM to create a digital representation of a building's physical and functional characteristics, enabling better collaboration and decision-making throughout the project lifecycle.

SERVICE

FACADE DESIGN We use advanced facade design techniques to create high-performance building envelopes that optimize energy efficiency and aesthetic appeal.	INDUSTRIAL DESIGN We focus on creating functional, ergonomic, and aesthetically pleasing industrial products that meet the needs of modern manufacturing environments.	INTERIOR DESIGN We create interior spaces that are both functional and inspiring, ensuring that every detail contributes to a high-quality user experience.
VISUALIZATION FOR MARKETING We help developers and marketers visualize their projects in a way that resonates with their target audience, driving sales and investment.	DIGITAL TWINING We use digital twinning to create virtual replicas of physical assets, enabling real-time monitoring, analysis, and optimization.	UX DESIGN We design digital experiences that are intuitive, engaging, and easy to use, ensuring that users can interact with our products seamlessly.
URBAN DESIGN We work on large-scale urban planning and development projects, ensuring that our designs are sustainable, equitable, and aligned with community goals.	MEDIA DESIGN We create compelling digital content and user interfaces for various media platforms, enhancing brand visibility and user engagement.	HOME STAGING We provide professional home staging services to help homeowners and real estate agents showcase their properties in the best possible light.

UNIQUE LAYOUT

Flamingo presents a unique layout to showcase your works and projects in a distinctive way. Your visitors will remember your site, this is the goal.

The theme is fully responsive, this means that your site will display and fit perfectly on any kind of screen resolution or device size gadget. Each content block and elements will respond to each size fitting the available space in a optimized way. Do not loose visits because your site is out of date.

THEME FEATURES

 DESIGN The design is focused on getting the best quality user experience, so your visits will remember your site. In addition the UX will help to this task.	 BACKEND Manage a lot of features directly from the admin panel. Change fonts, color schemes or create unique layouts thanks to the included page builder.	 MEDIA UX is an integral part in our design process. Preparing is vital for ensuring the smoothest user-friendly experience imaginable.
